Professional Expertise

I have been teaching firearms education since 1971. My time in the military has afforded me the depth of knowledge that would not be available in the civilian market today. I joined the NRA as a Lifetime Member in order to further my firearms education and to teach the knowledge, skills, and attitude necessary for the safe handling of firearms and defensive use of force. Being involved in security and investigations gives me the incentive to continue to further my education by providing my experience to the public and law enforcement in the fields of firearms and personal defense.
